@Paradox10399   cahameed10399

SKILLS
- **Python Core, Python Django, NodeJS, MongoDB, GIT.**
- **HTML, CSS, Bootstrap, JavaScript, Express, React, API**
- **MS-Office, AutoCAD, SolidWorks.**

EDUCATION
- B.E. Automobile Engineering| M.H. Saboo Siddik College of Engineering **CGPA:** *7.12| (2022)*
- H.S.C. | St. Xaviers College | **62%**
- S.S.C. | Crescent English School | **92%**

CERTIFICATIONS
- Full- Stack Development – ZeeTech Academy
- Web- Development – Udemy
- AutoCAD & SolidWorks – CAD Education Centre
- MS-Office – Father Agnel

HOBBIES
- Travelling
- Photography
- Sports
- Languages
- Poetry

INTRODUCTION
I am a highly motivated and detail-oriented engineer with a passion for problem-solving and developing innovative solutions. With several years of experience in the field, I have honed my skills in software development, data analysis, and project management. Furthermore, my expertise lies in creating 3D models, drawings, and animations to visually communicate complex engineering concepts and ideas. I have a keen eye for detail and a deep understanding of design principles, which allows me to effectively bring ideas to life and produce high-quality results. I am a quick learner and always up for a challenge, constantly seeking new and creative ways to improve processes and find solutions to complex problems. Whether working on a team or individually, I am dedicated to delivering high-quality results and ensuring the success of every project I am involved in.

PROJECTS

- **Task Manager**
  - Developed a full-stack task management application with user authentication, database storage, and real-time updates.
- **Recipe App**
  - Created a React application that fetches and displays recipes from an API, offering interactive management features for users.
- **Smoque Cafe**
  - Built a modern, responsive cafe website using React and Tailwind CSS, featuring dynamic menus and a sleek design.
- **Spark Soda**
  - Designed a vibrant React landing page for a soda brand, highlighting product features, promotions, and customer engagement.
- **Text-Toolbar**
  - Developed a text utility application that converts text to lowercase, uppercase, counts words, and estimates reading time.
- **Portfolio**
  - Created a personal portfolio with a simple and beautiful design using HTML, CSS, and JavaScript to showcase projects and skills.
- **Nutrition Label**
  - Designed a nutrition label using pure CSS styling for a clean and visually appealing presentation.
- **Registration Form**
  - Developed a sleek, user-friendly registration form with smooth animations for a seamless user experience.
- **Cafe Menu**
  - Created a cafe menu with an aesthetic look, elegant typography, and appetizing images for a delightful user experience.
- **Portfolio**
  - Built a beautiful portfolio featuring an interactive UI and dynamic animations to engage and captivate viewers.
